

FLORIDA'S BEST TANDEM SKYDIVING SCHOOL™

at World Famous Skydive City Zephyrhills

4241 Sky Dive Lane Zephyrhills FL 33542 813-783-9399 info@skydivecity.com

Tandem skydiving is the **EASIEST** way to experience your first skydive.

After a short training briefing, we will climb to an altitude of **13,500 feet** in our **large Twin Otter turbine aircraft**. Wearing a harness connected to the Tandem Instructor, we will jump and accelerate to **120 MPH** and freefall for about **60 seconds**. We open the parachute at 5000 feet and get settled in the harness. Then, you can assist flying the parachute during the 5-minute ride down. You will practice the landing and have a great ride!

Get an **Awesome Video** of your Tandem Skydive from our professional Videographers - a fully edited video plus photos! We even upload the video to **YouTube** for you to share with friends. Continue with our **AFF seven-level freefall training program** designed to prepare to for your USPA 'A' license and solo skydiving!

ANSWERS TO FREQUENTLY ASKED QUESTIONS

Book online at www.skydivecity.com. Or, call 813-783-9399

- You must be 18 to skydive, weigh < 220 lbs., with some exceptions, and in reasonably good health. We have lots of experience with quadriplegics and paraplegics.
- Everyone must sign a Waiver of Liability. This is a high inherent risk sport – you can get seriously injured and could die. You accept that risk when you jump.
- Wear sneakers or running shoes. Shorts and t-shirts on a hot day. Long pants and comfortable long-sleeved shirt on cooler days. Jumpsuits and goggles provided for use or sale. Goggles fit over glasses.
- Landings are usually soft in a sit-down position. Very hard and injury on landings is rare – but are certainly possible and do happen.
- We do not jump in rain, high winds and clouds lower than 9,000 feet. Weather when you arrive and earlier in the day can cause substantial delays; please be patient.
- Tipping is appreciated for great service, but not expected.
- Plan to be at Skydive City for at least 2-3 hours -- but you could be here a half-day.
